THE DIVINE LIFE

The Pioneer Magazine of the Sixth Race

Whose Invisible Editor is the Conqueror on the white horse—the new Initiate in his solar body.

The Conqueror—to him I shall award to eat (the fruit) of the tree of life which is in the middle of the Garden of the God.

The award to the **Conqueror**, is the Eternal Memory: he shall eat the fruit of the tree of life (the fruitage of the life cycle) in the God's own abiding place, the mystical paradise or state of ineffable bliss.

The award to the **Conqueror** is conscious Immortality; he is to wear the crown of life, and nothing that originates in the soul-consciousness shall pass into the oblivion of the second death.

The Conqueror—to him I shall award to eat a share of the hidden manna and I shall award to him a white voting-pebble, and on the voting pebble (will be) a new name engraved, which no one knows but he who receives it.

The Conqueror—he shall be clothed in white garments, and I shall not at all erase his name from the book of life, but I shall acknowledge his name before my Father and before his Divinities.

The Conqueror shall not at all be punished by the second death. He who has an ear to hear, let him hear.

THE NATIONAL RECOVERY ACT

THE BLUNDER, the egregious blunder, Mr. Roosevelt has committed in the name of National Recovery. National Recovery bringing back the accursed stuff that ruins the souls of Men. National Recovery that attacks our Constitution and makes it a mere scrap of paper. National Recovery that elevates Roman Catholics to prominent federal positions and makes them federal looters to defeat the positions that were formerly considered with dignity, admiration and respect. National Recovery that stands behind the same old regime which supported Herbert Hoover, the regime backed by the House of Morgan, the Pope and the King of England and the industrial crowd here in America who know neither Country nor Flag in their insatiable greed for international profit. National Recovery that permits the Banking Fraternity of America to seduce the Goddess of Liberty and commit crimes that are virtues in the eyes of this Man of Albany elevated to the Presidency.

The N. R. A. is a Fake pure and simple!

And has proven a failure throughout the United States. It requires parades, bands, red fire, soldiers in uniforms marching, a debauch of public funds to advertise this evil that asks America to lay down its traditional rights and liberties as free men and sacrifice the Republic to bring back prosperity. Devilish prosperity that is a lure and a bait to sink our American Republic in favor of Europe and European ideals.

The N. R. A. had best watch its step else a new combination of men here in America will overnight upset our so-called Government at Washington D. C. and deprive Mr. Roosevelt of three more years of reign in the role of King and Dictator! For the good American people are sick and tired of being drugged and dragooned any longer for if public opinion and confidence is required to carry Franklin's toy baloon to its port of call it will explode with Franklin on the inside and when he hits earth it will require more than the last rites and extreme unction of his friends and pals of the Catholic Church to restore him to the Paradise he has envisioned in his N. R. A.

N. R. A.—No Room For Americans

For his N. R. A. has already exploded with nothing behind it save a ruse of this pseduo President to gain confidence of the American People to put across the NEW DEAL for Europe neatly accomplishing all the intentions of the League of Nations and the World Court repudiated by the American People by an enormous majority but under a new name and a new Roosevelt to be swallowed and in the name of prosperity sanctioned as the only way out when cowardice supplants courage and conviction that our Republic cannot be defeated by any one man or any group of men when the people love principle, American Principle, better than Gold.

The New Code a Baby of Wall Street!

What I have been telling you all the time that Roosevelt instead of being a Champion of the People, an idol of the masses is their very enemy a betrayer of the fold, a Judas who has already sold his Soul to the Devils of the Plunderbund. Planning economy is only a ruse to effect a change of order of American ways of living over night and under our very noses *a coup de etat* equal to the Wilson treachery who kept us out of war and immediately plunged us into the greatest holocaust the world has ever witnessed. Planned economy is only a ruse to put over the European idea of a League and a Court worked from London and Rome in broad daylight after the American People voted outright to abandon the idea as unworkable and unthinkable; and now one bold Judas with the aid of all the Foreign Industrialists, Church Heads, the military and police power and the sanction of our august American Banking Fraternity have decided that rather than fail in their endeavor to Break the Republic idea once and for all time they will spring a mimic war all of their own with the man of straw (the red menace) as their sole aim of attack inadvertantly destroying all democratic principles in the meantime and offsetting any attempt at the American People ever gaining their economic freedom again.

The farce at letting labor form their own unions, be independent of the plunderbund, a democratic organization protecting its own interests in the welfare of the people these governmental heads with their Chief Bell Wether leads the whole business down the gang plank to destruction of their rights and liberties under the Blue Eagle emblem. Join our buzzard in its flight to freedom or go down for the economic count. Boost the NEW DEAL or suffer annihilation. Suck the sugar plum, babies, Frank-

lin has devised or papa will not only spank but give baby a bayonet to play with. Oh God I cannot see how cowardice and fear will let the American People remain any longer silent when their liberties are being stolen from them under the emotional strain of bands, brass buttons, oratory and compulsion brought to bear from our Capital city at Washington D. C.

And Franklin is depending on separating the American People into different organizations, cliques and groups to get them to war among themselves and break forevermore that American solidarity which once formed would forevermore put an end to the Rule of Wall Street, the Church octopus, the industrialists and the crowd who would rather gamble and play than work.

Sacrifice, says Franklin, Sacrifice for your Country's sake, for the Raw Deal I am about to put over you and your posterity. Sacrifice that I might better effect my plans at first gaining your confidence that I am fair, square and on the level with you. Then after I get you to religiously believe I would not for the whole world do anything wrong to betray the confidence imposed in me, I shall turn you over to the Plunderbund for immediate slaughter. And I have the right to do it and who other than yourselves agreed to join me in a war against your own interests. Oh fools, fools, fools all who cannot see his betrayal in the Blue Eagle which requires blindness to swallow and cowardice to yield to his satanic plot to capture the Republic.

Sacrifice to Break the Republic

"First the working class whose income has been cut two thirds to less than one third of what it was five years ago and is being further reduced by high prices every day.

"Second the poor farmers whose income has been reduced about the same as that of the workers and are losing

their farms to the Bankers and other mortgage holders thus being turned into tenant or wage workers.

"Third the small bank depositors some workers and many middle classed people whose savings have been confiscated by the bank failures (which is only another name for the big banks eating up the little banks). Many billions of dollars have been sacrificed in this manner to go into the vaults of J. Pierpont Morgan & Co., John D. Rockefeller, Andrew Mellon and the rest of the little group of Rulers of America.

"Fourth the small business men are also making sacrifices. The abolition of the anti-trust laws have removed the last small restraint upon chain stores, monoplies and big trusts. They are free to use their mass resources to the full to crush and absorb the little fellow. At the same time these monoplies are writing the "industrial codes" under the N. R. A. in such a way as to guarantee monopoly profit while squeezing out the little fellow.

"On top of all these sacrifices which all go to swell the treasuries of monoply capital of Wall Street, further billions of dollars are being taken by the Government through taxation of the masses and through the operation of the Reconstruction Finance Corporation are being passed on to the banks, insurance companies, railroads and great industrial corporations.

"These sacrifices made by the broad masses of the American People for the benefit of Wall Street of monopoly capital these are called with grim humor peculiar to the N. R. A.—ESTABLISHING PLANNED ECONOMY,—but this is nothing else than a giant trustification of capital at the expense of the masses and of economy.

"This increased trustification does not and cannot overcome the crisis. It was the intense trustification that made the crisis deep going and protracted. It does not organize

economy to overcome these features which bring about crises and catastrophies. It only deepens the crises and drives the world even faster to the further disaster of A NEW WORLD WAR!"

And if the American People fight this time to preserve the sanctimonious rule of ruthless corruption and confiscation vested in this Dirty Crook at Washington D. C. they are simple plain damm fools and deserve to be exterminated at the hands of the vulture who hides behind the N. R. A. to better fool them into believing their Salvation is close at hand.

THE NEW DEAL

NOW that it begins to appear what this Modern Caesar has up his sleeve the man of many words who occupies the White House, the great boost at the hands of the money element which control the World, et al MORGAN & CO., seems to be slowly but surely coming to naught. The great and mighty things this Modern Caesar was to perform in the interests of the working man and the public at large in favor of AMERICA and AMERICA alone now trespasses into the realm of a War Time President who would use all the artifices of craftiness to get the yokel Americans in a War Time Mood against depression followed by a War Time Mood against those who see through his Foreign consummation of saving the world for the Catholic Church, the House of Morgan and the King of England.

The game is to corral the masses into groups of communists, reds, radicals and bolshevists on one side; fascists, socialists and kaki shirts on the other, both sides mind you filled with Catholics and the thugs and gangsters em-

ployed by Morgan and Company to put up a fight against the crooks in Government control who are largely represented by the scum of the Earth and who according to late disclosures refuse to even prosecute those who control the Government from London and Rome, and those blood suckers et al Coolidge, Woodin, Davis, Roberts, McAdoo who hold and have held government positions and were baited by Morgan and Company to prostitute their governmental powers for the almighty dollar.

The new alignment whereby they propose to open the American Revolution themselves first to confuse the minds of the People that the only true Americanism is the Americanism that fights for the interests of Foreign control thereby excluding all Americans who see through their foreign plot to capture America for the House of Morgan, the Pope of Rome and the allied interests here in America who have gone over, sold their Republic the Flag and their own Souls for a mess of pottage.

If Mr. Roosevelt thinks he can carry on where his masters direct I am quite sure he is mistaken. He is playing now for one thing, the confidence of the American People, that he is fair square and honest with them. After that disappears and has been proven a myth his next move will be to force the public to do his commands at the point of the bayonet, backed by the Catholics, the Morgans, Du ponts and the English element here in America who love America for the gold she can yield.

I predict the Real Roosevelt will supplant this sudden rush of Roosevelt's to make America conform to his New Deal. The New Deal that is meant to MAKE AMERICA CATHOLIC and English (Anglo-Saxon) to boot, but it will never come to pass as events shall disclose.

How chummy he is with British McDonald, the man who cares as much for America as Morgan cares for a

snake. All this whispering about giving Roosevelt a chance to see what he can do is the veriest insanity. Give his time, confidence, and our money and he will have us so bound up, tied and gagged to European standards and ideals that no resistance we can bring to bear can alter it for ages. He is a Betrayer of the American fold, a bought and paid for President and I predict if not stopped soon the Woodrow Wilson business will all be re-enacted over again. He kept us out of war, gave us prosperity then with one re-bound plunged us into the final touch to destroy America forevermore in the interests of the gold mad crowd of Europe.

George Washington in his sanest moments would decry such inventions as Roosevelt puts forth in the name of saving America and I venture to say George Washington and his immortal forces who brought this kind and generous Nation into being will be the first ones from across the border to put an end to Roosevelt's flight into the realms of the unknown and untried ways to sink this American Republic forevermore in the interests of foreign caprice.

Give Roosevelt enough rope and he will hang himself, I hear people say. But I demur on the ground that he will hang the American Republic with him. This can and must not be. We will handle Roosevelt as we have handled all previous Presidents whose heads become fit for Kingly Powers. Give them the gate to oblivion and if I am not much mistaken oblivion is Roosevelt's allotment in due time. Let him continue his NEW DEAL and see what happens.

THE N. R. A.

IN the State of Minnesota we have some examples, already of the latest pathetic panacea for our National ills, that is, the N. R. A. There is confusion, discontent, an under current of distrust and suspicion in the minds of great numbers of people, especially the working class, on the subject of the N. R. A. Nobody seems to be able to discover just what the National Recovery Act does in the way of recovering anything and everything. To the credit of the laboring class, the hard working people of this state it must be said that they are not being fooled by this latest vaudeville show of bluff-recovery staged at Washington D. C. There are whisperings and grumblings among the victims of Imperial Washington that the N. R. A. is a graft, a new racket, a bugbear whose motivating principle is coercion, and bluff, and boycott. It aims to frighten and bully people into joining the N. R. A. by threats of boycott if they dont.

For N. R. A's sake committees are being formed everywhere for the purpose of explaining N. R. A. and the servile Press has something to blab about. It seems to require a lot of prating and windjamming and explaining to keep peoples' attention glued to it, and incidentally of course to keep the so-dear People from cogitating over the real issues, the true dangers that they are facing or in which they are entangled, and which should be cleared away before it is too late, while we are yet at the turning point. The Washingtonians dearly love the downtrodden American people, just by which the last cent may be squeezed out of their scant pocketbooks.

Minnesota has never been strongly Democratic, and its Farmer-Labor Party which is in control, has been said to be split over the N. R. A. Certain members of the

Farmer-Labor Party are said to have predicted the failure of the N. R. A. program in Minnesota.

It may be that poor old Minnesota cold and frozen though she be, is yet at least half-awake. There are some courageous souls here who dare speak their minds, and it is behoped their voices will be heard above the clang-and-jingle of the N. R. A. Crush-All.

Senator Schall of Minnesota has said that the N. R. A. will have the press muzzled after January 1st, 1934. Senator Schall is not afraid to critisize the Rooseveltian Reign, and sees the dangers of the Recovery act or at least in its interpretation. Our newspaper the Herald-Tribune in commenting on statements made by Senator Schall and a professor at Columbia University on the Freedom of the Press, soothes us with the old dope of Constitutional protection of the Press, and that it is protected by the N. R. A. Code! And who are the N. R. A. protectors! The Holders and Huggers of Wealth and the Hoggers of the Necessities and Utilities of life, which they have sneaked away and bullied out of the American People!

And we have all seen, time without number, how the Constitution has been side-tracked, flouted, snubbed, jeered at and threatened with actual overthrow by the leaders of the two old parties, Republican and Democrat alike! We have an invisible empire, which most of us do not see or sense, composed of Dictators and their backers and followers, of the ilk of Mussolini, Hitler and King George to say nothing of our deceiving and Religious organizations!

In Wilson's tyrannical Reign we had the Rule of Fear and curtailment of the rights of free speech. We dared not say anything against War that was criminal. We dared not say anything against, dared not express ourselves in sympathy with the German People, if we felt

any sympathy. And Germans were treated like outlaws, kicked and shuffled outside and not allowed simple rights. The Rule of Fear again! The Reign of Rooseveltian Terror! Now again we are to be silent, not express ourselves openly and freely on the Recovery policies, for fear of the boycott or persecution of many forms. Too bad this Democratic administration has not a war on its hands to serve us as an excuse for establishing more thorough martial law and choking the voice of protest and discontent! But of course we have a state of war, war on the people by the government which does not express their will, for it is a usurping government, a Tyrant Form grown along old Mediæval Patterns!

Just because among the millions of unemployed a few have received jobs and slight increases in pay a great fuss and commotion is raised about the Presence of Prosperity and forthwith the prices of flour and foodstuffs clothing and necessities are raised to unusual heights, meanwhile wages are not raised accordingly, work for the unemployed still hazy and elusive jobs not forthcoming with any degree of speed. If wages should by any chance be raised then prices of necessities will go rocketing out of all reasonable proportions and the whole burden of the upkeep of our system falls on the poor consumer, the poor pestered wage-earner. Those who have not must pay and pay.

We have the N. R. A. busy in Duluth, where it has set up a Mediation Board in the Chamber of Commerce, which intends to endeavor to settle disputes over labor and wage agreements, and to handle violations. Now we are to have a "Compliance Board" which shall receive and investigate complaints about violators, for already the N. R. A. Administrator has been flooded with complaints. This Board is to have representative employers and em-

ployees, a lawyer, (to be sure) and a consumer representative. The "consumer" on this Board is to be a woman, one with no interest in business and trade! How foxy! The consumers must just be ignorant victims of the money powers. The large firms in Duluth are already guilty of many violations of the code, and there are many opportunities for all kinds of violations. The punishment meted out to violators is to have the Blue Eagle taken away from them. It is a kind of inquisition much favored by those of Romish tint. As an advertisement the Code must have its celebrations here as elsewhere, its parades, and its boosters, its meetings and speeders and cheap radio broadcasting, and its songs. Yes, Duluth has a composer who has written an N. R. A. Song and has forwarded it to Washington D. C.

Perhaps there will be another kind of a tune in a couple of years or so when the United States has had an overdose of this latest government prescription for its social and economic ills.

The business man in Elgin, Illinois who quit business as a protest to the N. R. A. because it is "All coercion and fear, bluff and boycott" and said that he would return to business when it "blew over" had the courage to follow his own convictions. It would be a good display of independence of thought and action and a much needed demonstration of American spirit if all who saw through the Democratic Party and other false party schemes, to get together and make protests heard. Of course there is Henry Ford showing at least an independent spirit in resisting the efforts of the government to get him to get behind the Blue Eagle.

Here in Duluth we have had a typical little example of the boycott in the Division of Public Works, when the head of the department refused to buy a truck from the

Ford Motor Co., because Ford had refused to join the Recovery crowd. Of course, this is only a small example but these instances of boycott occur frequently and from little things this evil may grow to overwhelming proportions.

Under our "Recovery" act, Mr. Farley, the Patronage Boss and general Santa Clause and Good Fellow to all Rome-stamped beggars, has shown his hand in the spoils system method of displacing faithful employees of many years service with his mobs of Democratic Party Pets. Most of the Federal employees are awake to their peril, and believe that Farley is intending to displace thousands of employees, and say that the President should act decisively in this matter, as the Civil Service should not be the stamping ground of politics. It is to be feared that the President will do something too late as he seems to be handled very nicely by the mighty Boss Farley. Several of the Civil Service employees in this city refused to resign their jobs, for which courage they ought to be praised. Even mail carriers as well as many postoffice clerks and employees are getting frequent cuts in wages from time to time, but they dare not complain. There is no unity of action among the oppressed and depressed.

The City of Duluth, the Iron Range, and the larger cities of St. Paul and Minneapolis are suffering from extreme poverty, tax delinquencies, and the crime waves resulting from want and hunger. So therefore we have murders, bank and payroll holdups in the Twin Cities, and small thefts and bank and store robberies in and around Duluth and even in the rural districts. The State authorities have been having a hard fight with the underworld. Many of the criminals, are young men and boys, who have no work and very incomplete education, who have been set adrift and so in turn have become a menace

to society. They think nothing of killing a person for a quarter or a half-dollar, and have been known to attack and murder aged, helpless men and women and very young children. But we are all being "Recovered" so all is well.

Everything is being tried to stimulate business, every bluff and every fraud, every scheme is tried to get the pennies away from the penniless. So we have Great Lakes Water Ways Demonstrations and parades, and howls for the building of roads and a tunnel or so, and grocery stores advertising their goods, at soaring prices, and selling pretzels for beer-appetites, under the Blue Eagles' Wing. And the saloons are back, and Dutch Rooms in hotels, all flaunting the Blue Eagle and patronized by morons many of them being girls and women. It is a disgrace to women! Especially the encouragement given to smoking, drinking and shamelessly vulgar dancing in hotels and restaurants and road-houses and night clubs. Was it for this that the militant suffragists and brave W. C. T. U. workers of former days fought, when they succeeded in getting the vote for women and placed Prohibition in the Constitution? Undoubtedly, the old rotten Parties have initiated the women into the meandering vice-ways of politics so that now they are just as brainless and silly and unpractical as politico soused men! And if women would use their votes for the furthering of their own interests, righting their own wrongs and strengthening their own rights and using as much common-sense and brain-power as they do in spring house cleaning and home upkeep and entertainments in general they could mighty soon clean up that White House and chuck the political Tom Cats out of the United States. And they could end war, too, by getting together and with one voice saying they will not have war, and how

and why! Even if they had to get a Lady President of the U. S. A. to clean up the mess started by masculinity!

While we have the physical disease known as "sleeping sickness" in some parts of the U. S. A. we are menaced by the far more serious and more prevalent "sleeping sickness" of mind. It seems as difficult to awaken Americans out of their mental stupor as to find the remedy for the physical stupor. And they will sleep, perhaps until this New Feudalism, this State Capitalism, this industrial serfdom, backed by the Rooseveltian Dictatorship is tied down safely and snugly to their backs! And then they will have to have a real revolution and another Declaration of Independence and set the Republic moving again! But maybe they will not wake up in time, maybe they will not awaken for centuries.

The Governor of Minnesota at a speech made in the small town of Cloquet, Minnesota, had stated that co-operation is the need of the day, and that he would make Minnesota a co-operative commonwealth in the morning if he had the power to make it so. He stated that the Captains of industry had utterly failed to bring us out of the Depression, and that there would be no unemployment until we have government ownership of utilities, and necessities. But can there be true and worth while prosperity, success and happiness for the American People unless they have government ownership by a Government of their own choosing, which represents them? There can be no Government ownership worthy the name until profit is abolished, until money is no longer magic, until the dollars' clink has lost its power! Of course the Captains of Industry have utterly failed to bring us out of the Depression! Why, they wheeled and dumped us into it, didn't they? Little they care for the fool American People who have been their meat, their tools, their

slaves! And they are ready to dump them into more and greater Depressions too! Even if Roosevelt who was backed by powerful moneyed interests, had a heart for the laboring class, for the poverty stricken and suffering people of this country, even were he to turn on the capitalists and Romish hordes who voted him in on the beer-hope-tide, he would face martydom; he would be shot down by our country's enemies as were the great Lincoln, Garfield, and McKinley!

No, Roosevelt cannot be expected to bite the hand that feeds him, (politically) he has not the courage, nor the desire, nor the nobility, so he must be the tool of money interests, as ever. CHLOE S.

THE UNION OF CHURCH AND STATE!

PRESIDENT ROOSEVELT in addressing the Roman Catholics at the 19th meeting of the National Conference of Catholic Charities at the Waldorf Astoria, New York City left the cat out of the bag when he said:

"Out of this picture we are developing a new science of social treatment and rehabilitation—*working it out through an unselfish partnership between church (and their private social service agencies) with the agencies of Government itself.*"

"No government organization in all history," the President said, "has been able to keep the human touch to the same extent as the church and private effort. Government can do many things better than private associations or citizens but in the last analysis success in personal matters depends upon the personal contact between neighbor and neighbor.

"The people of the United States will recognize with firmer faith than ever before that spiritual (church) values count in the long run more than material values. Those who have sought by edict to eliminate the right to mankind to believe in God and to practice that belief have in every case discovered sooner or later that they are tilting in vain against an inherent essential undying quality and indeed necessity of the human race."

Ventured & Won.

"Clear thinking and earnest effort and sincere faith will result in thorough going support throughout the whole nation for efforts such as yours. The spirit of our People has not been deserted. It has come through the trials of these days unafraid.

"We have ventured and we have won we shall further venture and we shall win. The traditions of a great people have been enriched. In our measure of recovery and of re-

lief we have preserved all that is best in our history and are building thereon a new structure—strong and firm and permanent."

Proud of the President.

Says Cardinal Hayes:

"The American People are proud of him, have confidence in him and are following loyally his inspiring leadership out of the darkness and into a new and better day."

A New Structure.

President Roosevelt and Cardinal Pat Hayes may come to find that the New Structure and the New Day for all Humanity will only be complete when the Church and its reign of Ecclesiasticism is left out completely. Picture these hypocritical rascals mounted on Catholic Thrones talking about material and spiritual values the curse of riches, the value of poverty and meekness and humility and they both President and Cardinal the representatives of the greatest trust of Wealth and Church malpractice ever enacted against the welfare of the human race. What does Franklin D. Roosevelt really care about helping the needy? What on the other hand does Irish Pat Farley care for any other interests than the greedy tax-dodging Church which preys upon the poor their ignorance and stupidity and pays him his fabulous salary. What do the Catholic Charity people care indeed for the welfare of any other than their own oragnization in getting public and governmental support through this New Fool of Tammany Hall who happened to capture the Presidential Chair through a promise to give the budgers their precious bottle back all in the name of prosperity. Oh the hypocrisy of the whole business angling for a Union of Bankers Government and a Church Fellowship whose spirituality is so pronounced that even a President has to run to Tammany's Church to get their stamp of approval on the Greatest

Onslaught on Humanity Mammon Has Ever Devised,—

I Mean the N. R. A. Code!

The newspaper account goes on to say: "At the entrance to the ballroom Cardinal Hayes greeted the President and they began a conversation, moving into an anteroom off the entrance to finish it. After conversing privately for several minutes, they went into the ballroom.

Mr. Roosevelt's entrance brought every one to his feet, cheering. In going to his place, the President passed former Governor Alfred E. Smith and bent down to whisper something to him. Mr. Smith's face broke into a broad grin as he looked up at Mr. Roosevelt.

Still grinning, Mr. Smith smote Mr. Roosevelt a resounding whack on the back as the President continued on, smiling happily. With the incident, the applause rose to greater enthusiasm.

The President (of the United States) sat on the stage on a throne like Chair, at his right sat Cardinal Pat Hayes and at his left the Apostolic Delegate and Representative of Pope Pius XI, the Most Reverend Archbishop Amleto Giovanni Cicognani in their brilliant red robes. Mrs. Roosevelt, gowned in black and wearing orchids, sat at the Cardinal's right."

Ah, a brilliant scene here in America, a truly American scene, when in our great metropolis, Church and State are united in fond and loving embrace as brothers, as neighbors seeking to solve the problems Americans themselves have failed to solve. This accursed poverty, how we should like to slay it, but, then, if we do, we shall both lose our chairs and our heads to boot. How annoying, how embarassing, how indeed perplexing, Mr. Roosevelt, when one has to serve two Masters, and do it gracefully at the same time.

Shades of our forefathers, look down upon us and see to what depths we are descending!

No matter how far away our governmental heads seem to lead us from our traditional American principles, it will always be the Great Simple Heart of the American People that will save the situation at the last minute through their honesty, sincerity, and love of justice and fair play.

—MR. ROOSEVELT, PLEASE TAKE NOTICE—

MORGAN WAGE CUTTER AND SLAVE DRIVER —ONE ASPECT THE SENATE WON'T INVESTIGATE.

THE one aspect about the Morgans that will not be investigated by the Senate Committee is the fact that the Morgans are among the most brutal slave-drivers and wage-cutters in the entire capitalist world.

Morgan corporations have set the pace for aggressive hostility to workers who organize and strike. In 1901, the very first year of its existence, Morgan's U. S. Steel Corporation met and defeated a strike for union conditions called by the old Amalgamated Association of Iron, Steel and Tin Workers. After the World War U. S. Steel took the lead in smashing with most brutal tactics the great steel strike of 1919.

In the anthracite fields, exploited by Morgan railroad coal companies the workers won a hard-fought battle for union in 1902. Then Morgan Co. officials showed how unions can be corrupted from within and made useless to the working class. In the same way, the railroad unions have served the capitalists—the officials helping to break the shopmen's strike in 1922 and putting over the railroad wage cut in 1932.

U. S. Steel subsidiaries and General Electric have specialized in "welfare" as a means to fool the workers and keep them in subjection. Company nurses and teachers have secured useful information to supplement the undercover spy systems. Employee subscription stock issues and pension schemes are used to maintain "loyalty" and make workers afraid to strike.

"Taking It On The Chin"

Morgan had the nerve to say that he had "taken it on the chin" because capital losses due to the crisis had saved him from paying any income tax! But his income still maintained a palace in New York, an estate on Long Island a big sea-going yacht, the "Corsair," a palace in London, a country house near London, a hunting "lodge" in Scotland. While Morgan was taking this on the chin, Morgan workers were close to starvation.

U. S. Steel, which had made pretentious boasts of high wage scales, has shown its true colors by taking the lead in wage cutting.

It now boasts about keeping all workers on the payroll, with part time work for all. But its own figures show that thousands have been dropped with the closing down of many iron mines, coal mines and coke ovens and some of its steel plants. For the workers on the payroll, part-time work—usually one or two days a week—has not given enough wages to live on, but it has helped the capitalists by making the workers ineligible for relief.

In other industries, Morgan-controlled companies have made no pretense of preventing mass unemployment. The Morgan firm is the chief power in American railroads, having definite links even with roads which they do not control. Railroads alone have dropped nearly 750,000 workers since 1929. Morgan's American Telephone and

Telegraph system has thrown out 163,000 of the 454,000 it was employing four years ago. The auto industry—including as its chief unit the Morgan-DuPont General Motors, Corp.—has allowed mass unemployment and hunger among workers in and around Detroit.

While federal unemployment relief has been confined to less than $300,000,000 loaned to the state relief machines, over $1,700,000,000 of federal emergency loans to banks and railroads are now outstanding. The Morgan firm, which paid no income tax at all in 1931 and 1932, has benefited directly from many of these loans.

Workers Buy from Morgan Companies

Since Morgan controls corporations representing one-sixth of the corporated wealth in the United States we may estimate that one-sixth of the industrial workers in this country are employed within the immediate domain. But every worker in the country pays tribute to Morgan corporations through the things that he buys.

Morgan has his hand on bread and flour, crackers, milk, and meat. Vegetables and fruit are canned in tins manufactured by one of two great can companies, the American Can Co., and Continental Can Co., and both of these are close to Morgan. Bananas and coffee are brought from Latin America in ships dominated by Morgan or Morgan allies. Cotton is hauled from the fields to the textile mills on Morgan railroads, and most of the big mills are tied up with Morgan banks in New York or Boston. Cigarettes are made by one or another section of the Tobacco Trust also Morgan's.

In New York, Morgan and Rockefeller between them have a tight grip on subway systems and electricity and gas. About one-half of all the electric current produced in the entire country comes from companies directly within the Morgan utility system and the rates we pay are

fixed way above actual cost in order that Morgan and his clients can draw profits on swollen capital.

Farmers who buy their clothes and household equipment from Montgomery Ward are increasing the business of a Morgan company. The great majority of farm tractors come from International Harvester or J. I. Case Co., and both of these are Morgan controlled.

Back of these things that we buy are the machinery and metals used in their manufacture, and here in the so-called heavy industry which produces the means of production Morgan has an even more solid hold. Even in oil, the Rockefeller domain, Morgan is functioning too. He controls one company, Continental Oil. Teagle of Standard Oil of New Jersey is on the list of insiders to whom Morgan sold stocks below the market price, and Standard Oil of New York is close enough to Morgan to carry a deposit with the Morgan firm.

When the United States goes to war to protect the Morgan interests, the workers in the army will carry guns made of Morgan steel and will use munitions from Du Pont, a Morgan ally. Morgan wealth is drawn from the working class both here and in other countries. Morgan power penertates every phase of life in the United States."

When Sam Insull, the Big Bad Wolf of England, came to Chicago to buck this Morgan House in the Utilities field he enlisted their aid in loaning him money in his multifarious schemes, but they politely refused to do so. Sam is not so personally acquainted with Pope Pius as J. Pierpont Morgan who visits the Pope yearly and is personally chummy with him and as the Roman Catholic Hierarchy is bent on destroying America bringing on the stock crash that has nearly wrecked the Nation we see back of the whole scheme

the hand of Rome ever and we see the hidden hand of our Super Government at Washington, D. C., exonerating Mr. Morgan in his evasion of payment of income taxes and left to go scot free by our Catholic pal in the White House who is but a tool for the Catholic Church, the House of Morgan and an outright enemy of the U. S. Constitution when the interests of the American People are concerned.

AWAKENING A NATION

HARRY E. RICHEIMER will yet be entitled to the honor of Awakening a Nation to the perils of both political parties in their see-saw administrations to wreck America in favor of the Churches, Industrialists and Political Heads mainly controlled by the Vicar on the Tiber, his Roman Catholic Hierarchy and the International crowd of Bankers who have now decided, *"Now is the Time to Break the American Republic,"* reduce the poor to the peasant class, give alms throughout the Nation in order to better stay an immediate revolution which would halt all preparedness to defend the Dollar Diplomacy of the present reigning Government at Washington, D. C.

The time has come to wreck the Nation. Roosevelt, the lying betraying Roosevelt, is only playing the American people long enough to get both Army and Navy ready to defend his pals in America and Europe in perfecting the NEW DEAL for Pope Pius and King George. Roosevelt and his pathetic advisors from America's Church Colleges are now indeed perplexed. What if the people see through the Republican-Democratic mess and elect a Third Party Man for the

Presidential Chair in 1936? What if Christianity is shorn of its Fruits of Victory and declared archaic in American political annals? What if the future President succeeds in driving the American Banking Fraternity from our Legislative Halls, our Churches from the charity roll of mulcting the good people of the U. S. A. of billions of dollars in unpaid Church taxes and succeeds in recovering not only our tottering Nationalism but routs the International propaganda which supports the depraved President's prosperity slogan of "To Hell with Morals when the interests of the Church and the Bankers are concerned? To Hell with the Constitution when the Industrialists of America come to find it cumbersome, archaic, burdensome and an obstruction to their plans of enslaving the American masses and bringing them under European conditions of Roman International Control?"

What if the so-called Government at Washington, D. C. are shorn of their power before they have time to enlist the sympathy and co-operation of the European gun men to put across their NEW DEAL?

Now Is The Time To Strike!

Before Roosevelt puts America forever on the bum! And he will do it with the aid of the Republicans who are not a whit better for the two old line political parties have functioned too long in favor of Rome and London to any more support and defend American Principles. I say and repeat, give me four years in the White House and there will be no more Republican and Democratic parties in these United States, for I will give the People a chance to live as they should live independent of the Churches, the Bankers and the Industrial Heads, also the leading parasitical politicians who sell their vote for the almighty dollar. I repeat,

give me just four years in the White House and I will restore the Goddess of Liberty to her proper status in American affairs.

I am no Daniel, but I predict Roosevelt's insane course of polluting a Nation in order to better suit his Billionaire Masters who seek America's destruction as a self-governing Republic hiding behind a rotten prosperity slogan will meet his defeat in six months from now for already REVOLUTION, BLESSED AMERICAN REVOLUTION IS STALKING UP AND DOWN THE LAND TO FINISH THE WORK OF THE DEMON WHO BROUGHT WOE AND DESTITUTION INTO OUR HOMES AND WHO SHALL PAY THE PRICE OF OBLIVION AT A NEAR FUTURE DATE! ! !

DESTROYING THE AMERICAN FAMILY HOME

ENJOYED a Sunday out today with a friend and his family, a friend and his family on the welfare aid and you would have shed tears at the meager meal, the scant clothing of the children and the moroseness and despair of both father and mother. Rent was free from the landlord but the poor things had barely enough to subsist on and the children showed signs of malnutrition. You need not go to Moscow to witness slow starvation and deprivation at the hands of their Proletarian Masters, just step into a modern American welfare home to get a better insight into the beginning of the NEW DEAL.

The NEW DEAL devised by the Church Heads of Rome, the Money Masters of America and Europe, and the RAW DEAL by the King of Crooks at Washington, D. C. playing politics, starving Americans and

putting over the New Roman Affair that will shortly Wreck the Nation.

What Are We To Do?

Uprise, revolt, shoot down the vultures in high places and teach the Church and Banking Heads that we propose to present their pinnacles shorn of bodies on silver plates to the King on High! We are through with the N. R. A. scheme of reducing Americans to the state of European peasants. We are through with Roosevelt who has pledged to put this odoriferous thing through or use force to accomplish his ends. We are through with this rotten corrupt debauched Government of these United States for we have vowed before they have a chance to Wreck the Nation and unite Church and State to Wreck the Wreckers in short order!

Feeling as I do about Roosevelt people at once remark, "attack the system and not the personality." This of course is a Roman argument. "It is not the man that is bad but the system." But in reply I should say the man Roosevelt is as rotten as the NEW DEAL itself he is trying to put over the American people with the aid of one Johnson whose facial characteristics are as criminal as Jesse James (or Jones) of the Reconstruction Financial Corporation.

Who but Americans can save America? Any other fraternity or society be it K. K. K., the Constitution Preservers or the Vigilantes of America is of no avail if they work in conjunction with either political administrations, the churches, the bankers, the politicians or the various orders Masonic, Guardians of Liberty or Knights of Columbus for the American cause must be fought out on *impersonal* American lines without

any other fraternal or religious claims entering into the matter.

We are presently to witness the greatest upheaval America has ever experienced, an upheaval that will rock Wall Street, the Catholic Church, the House of Morgan and the august American Banking Fraternity for this NEW DEAL of Roosevelt's is only changing American living standards over night to meet the new starvation standards enacted by his industrial codes.

He Shall Not Pass!

He shall fail before he even gets started in his New Course of Wrecking this American Republic, wait and see. And DIVINE LIFE and Harry E. Richeimer, its noble Editor shall break the glamour of the King of Washington, D. C. at enslaving his people and make them bow before Cross and Throne to better emulate our decadent Mediaeval Masters of Europe, Religious and Monetary who originally devised this NEW DEAL to Sink America for all time and reduce our American Home to a cattle-pen where pigs are bred for cannon fodder, cogs for industrialists, and scape-goats for religious imposters *to play their authority over the individual,* the Curse of Europe and of the Whole World today. We shall see if our American Home is going to be starved and led to the brink of disintegration killing out all individuality in the Souls of Men. We shall see if Roosevelt is going to put across the NIRA of POPE PIUS. We shall see if the World is to be made CATHOLIC through the downfall of this American Republic. We shall see, Mr. Roosevelt. Watch your hat for you will have no use for it once your head is weighed in the balance. WE SHALL SEE, MR. ROOSEVELT,

WE SHALL SEE!
